CHANCE LEADS ALL THE CRACK HITTERS

Chicago Captain Enjoys Distinction of Being Best Batter in National League.

WAGNER THE CHIEF SLUGGER.

Famous Pittsburg Player Makes More Long Drives Than Any Player in the Pulliam Organization.

Frank Chance now leads the National League batemen, according to the latest figures, with a margin of four points over

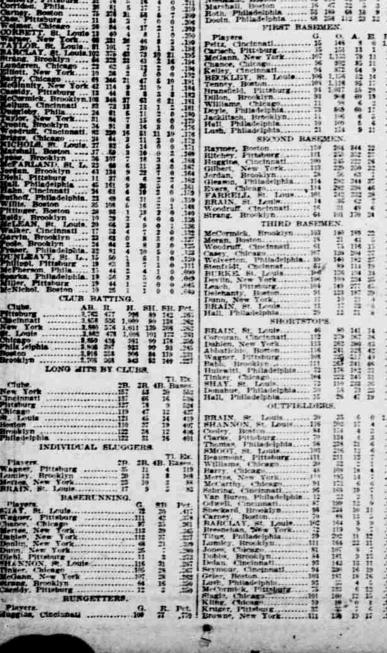

All the averages look as though they had lately been treated with ainm, showing that the numerous double-headers of the last few days hart the batters much more than they did the pitchers, despite the managerial complaints of "using up pitchers' arms." Only eleven men are in the .300 class, one of them, Roy Thomas, baving just climbed in during the last

Miller Huggins has scored more runs than any other player and Wagner has stolen the most bases.

Pittsburg now leads in team batting. New York and the Reds tied for second. New York leads in extra bases, while Wagner is the chief individual slugger. Pour pitchers still have perfect field-

ing averages. O'Neill leads the catchers Pelts the first basemen and Raymer the second sackers. McCormick excels at third and Brain leads both the short-stops and the outfielders. New York leads in team fielding. Boston has made the largest number of double plays. Harper has the finest pitching record, in percentage of victories. McGimnity has been the most effective in keeping runs from coming home. The figures.

L'ABOR DAY HANDICAP TO-MORROW INAUGURATES MEET AT DELMAR

Scene of Local Turf Operations Will Be at the County Track for Balance of Racing Year-Miss Mae Day Is Among the Likely-Candidates in the Feature-First Mason's Showing in the East Has Caused Surprise.

The victory of First Mason in his first champion. Delhi, may give the Easterners some blea of thegact that all the good horses do not immediately find their way east of the Allegheny Mountains.

That they get there ultimately is quite frue, and likewise quite natural. Overnight purses there are almost as good as Western stakes, and when a horse has schlevel such a distinction on a Western track that he will have to carry something like 199 pounds in handicaps, the East is the only place left open to him.

Of course, First Mason had a tremendiness pull in the weights over Delhi, and champion, Delhi, may give the Easterners

With the Labor Bay Handicap as its insurural feature, the Deimar fall meeting will open to-morrow for a run of firty-nine day, which will wind up the local season of racing.

The Labor Day stake has an added money value of \$2.000, which makes it one of the most valuable events in the Deimar fall meeting its. It will be followed by six other events one each week, all well endowed and incely filled.

To-morrow's stake, with a field of eight statters should be worth \$1.00 of which \$2.00 will go to the winner, quite a nice pick, un for this fage and of the racing season. The stake has filled very nicely and the lace of the most value of the most keenly contested from start to finish.

Miss Mac Day holds the pest of honor in the list of the most likely starters. This grand mare showed excellent form at the Pair Grounds, and has now been rested up for some three weeks. Mares are always at their best in the fall, their uncertainties of the summer season being noticeably absent, and a great race can be looked for from this one.

She ran second to her stable companion, Hilee, in one of the sprint stakes at the Pair Grounds, but with horses like First Mason, and Six Shooter facing her in the distance egents. Owner Elliott preferred rather to best her up until the stars of national renown should have retired from the local field.

The showing of Fi

Colonel Simmons, for time out of mind presiding judge at New Orleans, has at last and finally retired from the stand. This announcement was made by Harry White, who is here at present solleiting

ing indice.

Mr. White further states that Frank Bryan will return as presiding steward, that Sheridan Clark will devote all his time to the duties of racing secretary and will not serve on the Board of Stewards, and that the issuance of badges and assignment of 1950e room will be entirely in the hands of Mr. White Judge Hall will raturn to his place as paddock judge and Fitzgerald will again be starter.

Mr. White records

raced for if the full meeting is given will be in excess of \$20,000.

The Iverby, for instance, is doubled in value, the added money next winter being \$6.000, which will make the aggregate value of this event something over fices. This will probably place it third in the list of American dechies, the richest now being the American Derby run at Washington Park, and the second richest the St. Louis Derby, run at the Fair Grounds.

VETERAN LOST TO MAJORS. Release of Jack Doyle Marked Pass-

log of Famous Characters.
"The release of Jack Doyle by Philadelphia," says Fred Pfeffer, "is probably the end of the big league career of one of the greatest all-around players who ever wore the spikes. Doyle's career was ever to the spikes. Doyle's career was easy the day for the Hub. The first eting easy the day for the Hub. The first eting the sail of the spikes and save the day for the Hub. BOSTON SHOULD WIN THE PENNANT

Class of Collins's Men and Their Team Work Will Tell in Race.

FORTUNE A POTENT FACTOR

Managers of Four Leading Clubs Now I sing Their Best Players in Struggle to Land Bunting.

The American League teams have turned into the home stretch in what promises to be the most interesting finish the history of basebull,

The four lending teams are bumohed. Only an epulash separates the first two. and the next two are so close that a week's time may see either the leader or the runner-up in the rare displaced. If ever men placed for the favors of fortune it is the leaders of these teams.

Night and day the leaders of the Boston Americans, New York Highlanders, Philadelphis Athletics and Chicago White Sox are faithful deviners at the shrine of the Goddeen of Fortune.

And fortune or lock will have much to do with deciding the question of suprenince

A couple, or even one injured star, would put the leaders out of the running at this period, red, therefore, the devotion to Dame Fortune.

But the managers are not devoting all their time to fortune. Every man in the American League management knows by experience that Fate is usually on the sid

with the heaviest artillery.

Already the managers of the four leading teams have brought forth their beavy ar-

ing. None but tried and true players are used in the game. It is a battle of veterans. The recruits have the privilege of looking on, but the sacred duty of participation is left to these who have fought with honor in previous campaigns.

And fortunately, each of the four leading teams in the American League is composed of men who will fight the battle to the last stretch. Strong arms and willing hearts will turnle out on the diamond now until the end of the campaign.

BOSTON MAY REPEAT. To the writer it looks as though Boston will repeat Chicago, with twenty-one games at home, will very likely make a hurrah finish, but they are hardly of championship caliber. Comiskey's pitch ing department, while undoubtedly good, can hardly be rated as well as either Con nie Mack's, Jimmie Collins's or Clark Griffith's sturdy four.

Boston has finally struck her gait, and they will make it very interesting for the rest of the teams until the finish.

Specific Serum composition that com-pletely reorganizes the blood corpuscles, by which means every particle of poisonous matter is climinated. Under my system of treatment it is utterly inpossible for poison to remain in the blood, and purity health are the result in every case. My Specific Scrim treatment is administered both subcutaneously and internally, and soon after beginning treatment all indications of disease disappear, without a sign or symptom ever recurring at any

STRICTURE I treat each case according to its requirements, first satisfying myself as to the exact condition by careful examination and inquiry. Stricture in any form is not difficult to cure, and by my method of irrigation and digestion I am able to cure the most severe cases. I do not cut or dilate with hougies, and when I have dismissed a case the canal is sound and healthy and perfectly natural.

VARICOCELE My method of curing Varicocele consists of acupuncture, by which means the stagnant blood is transuded into the skin in the same manner as all other waste matter. The ganglionic nerves, the weakness of which causes Varicocele, are restored by the administration of a tonic, and a complete cure is possible in every case.

which nearly all nervous and sexual disorders originate. I have particular advantage over other physicians, because I have a thorough knowledge of the seal and cause of the disease, which is always necessary to insure success in treating any affiletion. My scientific, systematic course of treatment stops all drains and might emissions at once, revives sexual power, enlarges small organs and restores complete manhood.

PILES

Are small vascular tumors, and they have a most degrading influence on the general health. I cure or carbolle acid injections, which treatment has runed many. My treatment is safe and paintiess, causing no detention from business, and when you are dismissed by me you are cured for life.

RUPTURE I have a sure, safe method of curing Rupture. Besides being absolutely reliable, it is painless and harmless. It makes no different how bad your rupture is and how many times you have been treated, I can cure you, and will guarantee entire satisfaction.

HYDROCELE
